REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

J.K. Gourdin Elementary School is located in the Pineville-Russellville community of Berkeley County. Our mission is to ensure a quality education for all students within a safe environment and prepare them for the future. Our primary goals are to increase student achievement as measured by statewide testing, provide opportunities for teachers to participate in professional training based on best practices, exhibit a safe and orderly learning environment, and create an environment that fosters a working partnership between the home, school, and community.

Our school serves a total of 189 students in a 4K through fifth grade educational setting. We are a school wide Title 1 school fully accredited by the Southern Association of Colleges and Schools. During the 2008-2009 school year, we were awarded a Palmetto Silver Award for improving student performance and closing the achievement gap. We are continuing to implement a Twenty-First Century Community Learning Center after-school initiative which provides extended day services to promote reading, math, and homework assistance. Social and cultural enrichment activities encourage students' growth and development.

The use of computers and SMART boards continue to provide technology to enhance the instructional program. Students participate daily in reading and math computer assisted instruction in the Success Maker Computer Lab. An additional computer lab is used for special class projects to allow students to engage in research, complete Accelerated Reader tests, and participate in the district's benchmark (Measures of Academic Progress) which is used to monitor students' progress and achievement in reading, language, and math.

Teachers are provided opportunities to participate actively in weekly curriculum focus meetings, workshops, and mentoring initiatives to promote collaboration, planning, and instruction. Teachers participated in Comprehensive Literacy, SMART Board, Data Analysis, and Differentiated Instruction training to improve teaching and learning.

Our students were celebrated with incentives and other rewards for demonstrating positive attitudes, respectful behavior, and academic achievement. They participated in Family Math Night, science fair, spelling bee, holiday programs, and pageants. The Roscoe Reader program served as a major school wide reading program. Most students in grades 2-5 received awards.

We thank the PTA, parents, volunteers, and the community for playing an integral part in the educational program. We solicit your continued support in improving student growth and achievement.
